

Draft Guide Out for Public Review and Comment

The Ministry of Health issued the following release asking for public review and input to the proposed changes to the Saskatchewan Onsite Wastewater Disposal Guideline. Onsite wastewater stakeholders should review this guideline and bring your concerns or comments forward to the Ministry prior to August 17.

If you do not wish to forward your comments directly to the Ministry, you may contact SOWMA and have your comments and/or concerns included in the association's official response to the Ministry.

See the Ministry's release below:

Saskatchewan Onsite Wastewater Disposal Requirements

The Ministry of Health is consulting with the public and industry stakeholders on proposed changes to the Saskatchewan Onsite Wastewater Disposal Guide.

These proposed changes are intended to modernize requirements for the design and installation of private sewage works in Saskatchewan:
