

Mound Installation with Site and Soils Evaluation Field Training – Saskatoon Region

Onsite wastewater practitioners had the opportunity to participate in a mound installation just outside Saskatoon city limits on September 25. Twenty participants engaged in the evaluation of a soils pit on the site, followed by the construction of a mound being built to replace an already existing mound in a state of failure.

SOWMA would like to thank the following member sponsors for their support of this event:

Infiltrator Water Technologies – provided the infiltration chambers for the pressure distribution system

FRP Manufacturing (2010) Ltd. – provided the soils instructor for the soils demo

Seeley Engineering (Western Water Solutions) – provided morning coffee and muffins

Additional sponsorship:

D & L Fibreglass Products Ltd. – provided lunch

Special Thanks:

City of Saskatoon – provided all the berm material for the mound system

Thanks as well to Links Backhoe & Skidsteer Service for providing the site, equipment and installation expertise which allowed this training event to happen.

The next practical training session has not been announced yet but stay tuned.

SOWMA Represents Industry at CIPHI Conference

SOWMA hosted a booth and provided a presentation on soils evaluation at the Canadian Institute of Public Health Inspectors PEDS Conference, which was held in Regina on October 11 & 12.

Over seventy-five health inspectors spent a full day learning about onsite wastewater design and installation, with a focus on the upcoming changes to the Saskatchewan Onsite Wastewater Disposal Guideline.

Representing the industry to this key stakeholder group is critical to the sustainability for the onsite wastewater industry.

Onsite Wastewater Practitioner Training

The next available training session dates are:

Days 1 – 4 – November 28, 29, 30, 2018, Regina, SK

Days 5 – 8 – December 11, 12, 13 & 14, 2018, Regina, SK

Register online or contact the association office at 1-855-872-2650 for more information.

Advertising & Sponsorship Opportunities

Did you know that there are plenty of opportunities to support your industry organization and promote your business? We have options for a variety of price points. Contact our office today to sponsor a training event, or advertise in this newsletter, or our upcoming printed magazine.
